PLUTONITE

THE PUREST POLYCARBONATE AVAILABLE

Experience Oakley's unrivaled optical clarity, comfort, and protection against impact and ultraviolet radiation. For superior clarity, Oakley lenses are custom ground to your individual prescription with optical precision that exceeds all industry standards.

PROTECTION

THE MOST TECHNOLOGICALLY ADVANCED RX LENS AVAILABLE

100% UV filtering. Our protection is engineered deep into Oakley Plutonite® lenses. Both our sun and clear lenses inherently block 100% of all UVA, UVB, UVC and harmful high energy wavelengths.

POLARIZED

THE BEST POLARIZED LENS UNDER THE SUN

Optical distortion and haze found in conventional polarized lenses is eliminated through the use of Oakley's liquid fusion technology, minimizing surface glare with superior optical clarity.

An independent eyewear laboratory tested and awarded Oakley the highest ranking in its polarized lens category. Call for a free copy of Private Pilot 2003. (1-866-881-5853)
