Protection Index (in compliance with the standard Pr EN 1836)
Index 0: aesthetic, very low protection
Index 1: for weak sun luminosity
Index 2: for average sun luminosity
Index 3: for strong sun luminosity

* Iridium lens coatings reduce glare while balancing light transmission and color recognition in every type of weather.
** G26 is a special purpose lens designed for shooting. This tint is not appropriate for driving and other activities.
*** Transmission on Oakley Prescription lenses will vary.

Lens colors shown are representations only. Actual color may vary.
