

T H E O A K L E Y ® S N O W G O G G L E S Y S T E M

The most sophisticated equipment made for snow. All our frames are conical, giving you maximum peripheral and downward vision. They also hold the lens in the perfect arc of a circle, to eliminate distortion at all angles of vision. Not just the best goggles on the mountain, but the best on the planet.

PRO FRAME™

O FRAME™

L FRAME™

E FRAME™

- 1 All models (except E Frames) feature a dual vented lens construction to prevent fogging
- 2 Exclusive Polar Goggle face foam eliminates moisture from the face, to prevent fogging (Pro Frame only)
- 3 Specially-formulated F2 Series anti-fog treatment
- 4 Textured interior goggle frame eliminates glare
- 5 Iridium® coated lens to reflect glare and heighten contrast (Pro Frame only)
- 6 Scratch-resistant Lexan lenses meet or exceed ASTM F659 standards for impact resistance and optical clarity
- 7 100% protection against harmful UV and blue light
- 8 Interchangeable lenses adapt the goggle for different light conditions
- 9 O and L Frames feature dual face foam for a comfortable, sealed fit
- 10 L Frame is specifically designed to fit over prescription glasses
- 11 Urethane frames stay flexible in extreme cold
- 12 All replacement lenses fit every goggle
